Dear Mr. Appel:

Last week a representative from our Security Education Staff (SES) discussed with you CIA efforts to produce a counterintelligence awareness film. As she explained, the film will be professionally produced and will deal with the subject of recruitment of Americans for espionage.

To give credibility to the film, we would like to use actual cases in which a government employee, a contractor employee and a student are recruited by a foreign intelligence service. We understand that your unit is responsible for this information and that you are in the process of making such a film as well. As you indicated, it might be worthwhile to combine efforts.

Again, as mentioned last week, we would like to schedule a meeting in the next two weeks to discuss this project. Your assistance would be greatly appreciated.

Sincerely,

Executive Officer
Office of Security
